5-Year Program Effectiveness Data

Program Effectiveness Data

The following is the most current program effectiveness data. Our programmatic accreditation agency, the Joint Review Committee on Education in Radiologic Technology (JRCERT), defines and publishes this information. Click here to go directly to the **JRCERT webpage**.

Credentialing Examination: The number of students who pass, on the first attempt, the American Registry of Radiologic Technologists (ARRT) certification examination, or an unrestricted state licensing examination, compared with the number of graduates who take the examination within six months of graduation. The five-year average benchmark established by the JRCERT is 75%.

Credentialing Examination Rate Year	Number passed on 1st attempt divided by number attempted within 6 months of graduation Results
2019	18 of 20 – 90%
2020	20 of 20 – 100%
2021	18 of 19- 95%
2022	13 of 19- 68% (pandemic-remote cohort)
2023	18 or 21 -86% (note 2 took outside the 6m range)
Program 5-Year Average	**87 of 99- 88%**

Job Placement: The number of graduates employed in the radiologic sciences compared to the number of graduates actively seeking employment in the radiologic sciences within twelve months of graduating. The five-year average benchmark established by the JRCERT is 75%.

Job Placement Rate Year	Number employed divided by number actively seeking employment within 12 months of graduation Results
2019	20 of 20 – 100%
2020	18 of 18 – 100%
2021	19 of 19- 100%
2022	19 of 19- 100%
2023	22 of 22 100% (note one did not seek employment)
Program 5-Year Average	**98 of 98 – 100%**

Program Completion: The number of students who complete the program within the stated program length. The annual benchmark established by the program is 90

Program Completion Rate Year	Number graduated divided by number started the program Results
2022	19 of 20
2023	23 of 26
2024	24 of 25
Current Annual Completion Rate 2024	**96%**
