

Multiple measures approach for placement into DACC English courses (updated 6/5/2026)

The primary measure used will be high school GPA, as it is a better indicator of student success. Students who don't meet the GPA cutoff score are eligible to enroll in English 1110G if they meet any of the Standardized tests or Placement test scores listed.

This approach also allows for students to enroll in English 1110G if both GPA and test scores fall below the cutoff using alternative measures.

ENGLISH 1110G Placement Guidelines
