

-----Degree Audit System-----

STudent Academic Requirements

Las Cruces:: Alamogordo:: Carlsbad:: Doña Ana:: Grants

STAR Degree Audit

The STudent Academic Requirements Report (STAR) is an automated way to see exactly which courses you have finished and which courses are still required for a specific major on any campus within the NMSU system. These “degree audits” can be generated online at any time for nearly any academic program in the NMSU system.

To access the STAR degree audit system, follow these steps:

1. Go to degreeaudit.nmsu.edu.
2. Log on to the STAR system using the same username and password as your MyNMSU account.
3. Follow the prompts to select the appropriate campus, degree program and catalog year.
4. Click on Submit New Audit.
5. The screen will automatically refresh when the audit is ready (20-45 seconds).
6. Click on Details to view your audit. Use the Audit Help link as a guide to read it. Much of the audit you will find self-explanatory. If you have questions, contact your academic advisor.
