

Welcome from the Chancellor

Colleagues,

I am so happy to welcome you to Doña Ana Community College. It's a great time to work at the college and in higher education.

First, it is meaningful work. Community colleges provide significant opportunities - workforce training, transfer education, small business support, and adult education - for the communities we serve. We provide paths forward for a broad range of learners.

Second, there is no doubt that it is an exciting time to be in higher education. Several critical factors, rapid technological innovation and pervasive social media among them, give us the opportunity to re-envision and re-shape what it means to teach and to learn.

And finally, I firmly believe that there's no better place to do this work than at DACC. You are joining a faculty and staff that are as committed, as inventive, as energized as any I've ever seen. Every day, I proudly stand shoulder-to-shoulder with this group of people as we work to meet our mission.

Welcome!
