

DACC

NMSU Doña Ana Community College

2023

commencement

MÓNICA F. TORRES, PH.D.
DACC PRESIDENT

Congratulations, Graduates!

Let me start with a hearty congratulations! You accomplished what just a few years ago many of you thought was impossible. But through your dedication and perseverance, you've done it. Because of your efforts, you have earned a certificate or a degree, and those college credentials mark your success. And we know that for some of you, those who are the first in your family to graduate from college, this is a special accomplishment.

Because no one accomplishes this alone, I also want to congratulate the spouses, partners, children, families, extended families, and friends who celebrate this accomplishment with you. They know as well as anyone the great sacrifices you have made to be at this moment in your lives.

You are now an NMSU-Doña Ana Community College graduate. You are part of our family. Faculty and staff at DACC celebrate your accomplishment. As you embark on the next chapter of your life, we want you to stay in touch. Let us know how you are doing. Please use us as your coaches, your mentors, and your biggest supporters.

Congratulations!

Catherine Kemmer

2023 Honorary Degree Recipient

It is Doña Ana Community College's (DACC) honor to put forward Dr. Catherine Kemmer, M.D. as this year's honorary degree recipient with an associate degree in Public Health. Doña Ana Community College has benefited greatly from Dr. Kemmer's generosity over the years. She is a model for all DACC students to embrace.

The following are examples of some of the contributions made by Dr. Kemmer. These contributions were accomplished by her entirely as a volunteer. She has generously shared her time, expertise, and kindness with the DACC community.

Run with Your Doc, a fundraising event held at DACC- was a multi-year event that benefited the non-profit St. Luke's HealthCare for the Homeless. Dr. Kemmer was the director of this event from its inception and through 3 additional years. The event raised thousands of dollars to help support health care services for people experiencing homelessness in Las Cruces and increased awareness of the programs DACC offers to the community. The Run with Your Doc event involved various DACC programs and students who helped provide services for and participated in the event. It allowed the community to connect with DACC programs and students in a unique environment.

During the Covid 19 pandemic, DACC proved to be an instrumental community partner by providing vaccine clinics. These significant events entailed the coordination of many providers to safely and effectively administer Covid 19 vaccines. To do this, the guidance and supervision of a medical director were essential - Dr. Kemmer graciously served in this role. She furnished medical advice on all aspects of the vaccination clinic. Her Leadership provided both education and guidance as well as administering the vaccine. No task was too big or too small for Dr. Kemmer.

Dr. Kemmer has supported numerous students from the DACC health programs through her business, Women's Medical Associates, over the years. Students could gain real work experience and complete their requirements while being supervised by Dr. Kemmer's trusted staff and colleagues working toward women's health. In addition, Dr. Kemmer and her husband have supported DACC students by encouraging and enabling them to attend our institution. They do this without seeking recognition and find fulfillment in removing barriers to student success.
